**We manufacture in Mild Steel - Stainless Steel - Aluminium - Wood and plastic
all units are available in any colour and delivered fully assembled to your door**

**We are a family
owned, British
Manufacturing
company
Established 1992**

Why use Norseman?

**Our prices are
exceptionally good
even on custom
made products.**

**We are able to build
practically any
type of trolley**

**Our customers include major
supermarkets, most universities,
National Libraries,
thousands of schools and many
local authorities.**

**We have our own
design department to
help you (at no cost)**

**We manufacture in
mild steel, stainless,
aluminium and wood**

**We are able to manufacture
almost any product for display,
material handling, education
and school dining rooms with
no minimum order quantity.**

**Before you try anybody else
try Norseman. If you don't
see what you are looking
for in our catalogue, or the
products shown need slight
alterations just give us a call.
We are almost certain we can
make it for you.**

**Discount offered
for large quantity
orders**

**If you are looking for a
reasonable quantity (10 plus)
we are able to make prototypes
within a few days so you can
put them to the test before
you buy.**

Single Sided

All units supplied fully assembled

The Cleaning Station is an excellent way of keeping a range of accident and cleaning equipment clearly visible and easily accessible.

As a product it ticks so many boxes for health and safety requirements as it deals with spillages, breakages, minor accidents as well as giving the name and contact details of the on-duty first aiders.

Manufactured with a strong metal frame in a choice of colours, with an engraved back and sides made from re-cycled plastic it is ideal for any school dining room, corridor or reception area.
